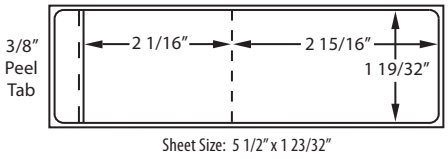
Francotyp Postalia® Compatible Meter Tapes

550-ULT

Imprint Area: 2 15/16" - 5" x 1 19/32"

Specifications

- Compares to: Matrix Exclusive
- For use in: UltiMail™ Series
- Sheet Size: 5 1/2" x 1 23/32"
- Sheets/ Pack : 250
- Packs/ Carton: 4
- Cartons/ Case: 8 (32 packs)
- Weight: 3 lbs./ carton



Sheet Size: 5 1/2" x 1 23/32"

5875-PM

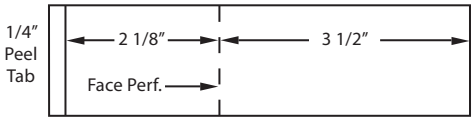
Imprint Area: 3 1/2" - 5 5/8" x 1 9/16"

Our 5875-PM is designed with a facestock manufactured for printing with fluorescent thermal ribbons. This material is also well suited for imprinting with the ink roller method.

Specifications

- Compares to: #775/ 776
- For use in: 7500/ 8500/ JetMail™
- Sheet Size: 5 7/8" x 1 9/16"
- Sheets/ Pack : 300
- Packs/ Carton: 12
- Weight: 9 lbs./ carton

*THIS ITEM IS AVAILABLE BOXED



Sheet Size: 5 7/8" x 1 9/16"

5875-INKJET

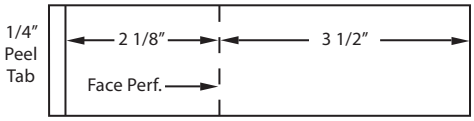
Imprint Area: 3 1/2" - 5 5/8" x 1 9/16"

Our 5875-INKJET is the same design as the original 5875-PM Postage Meter Tape. However, the facestock of the 5875-INKJET consists of a material specifically manufactured for the new generation of Ink Jet postage meters.

Specifications

- Compares to: #775/ 776
- For use in: JetMail™
- Sheet Size: 5 7/8" x 1 9/16"
- Sheets/ Pack : 300
- Packs/ Carton: 12
- Weight: 9 lbs./ carton

*THIS ITEM IS AVAILABLE BOXED



Sheet Size: 5 7/8" x 1 9/16"

All Trademarks are the property of their respective owners. All model designations are for compatibility purposes only.

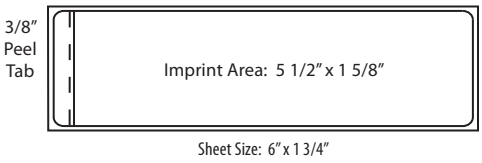
600-PM F — Imprint Area: 5 1/2" x 1 5/8"

The 6" PM F Full Tape is designed for U.S. Parcel Select® or U.S.P.S. with an advertising imprint. Emulsion adhesive allows the paper to adhere to a wider range of surfaces and the paper stock allows for improved absorption to eliminate ink smearing.

Specifications

- Compares to: Unknown
- For use in: JetMail™
- Sheet Size: 6" x 1 3/4"
- Sheets/ Pack : 500
- Packs/ Carton: 14
- Cartons/ Case: 3 (42 packs)
- Weight: 20 lbs./ carton

*THIS ITEM IS AVAILABLE BOXED



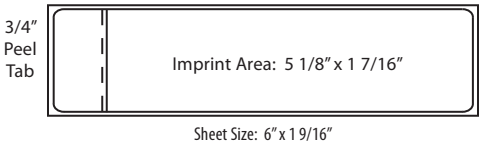
600-PM PF — Imprint Area: 5 1/8" x 1 7/16"

The 6" PM PF Full Tape is designed for First Class Presort Ad Plate or U.S. Parcel Select® imprinting. It provides an ultra permanent adhesive combined with a smudge resistant open facestock which allows the paper to adhere to a wider range of surfaces and provides for improved absorption to eliminate ink smearing.

Specifications

- Compares to: Unknown
- For use in: 7500/ 8500 Series
- Sheet Size: 6" x 1 9/16"
- Sheets/ Pack : 300
- Packs/ Carton: 18
- Weight: 14 lbs./ carton

*THIS ITEM IS AVAILABLE BOXED



650-PM — Imprint Area: 3 3/16" x 1 5/8"

The 6 1/2" Half Tape (3 3/16" on each half) is designed to provide users with an additional 1/2" of imprint area. This will allow for some machine and operator "forgiveness". It benefits the customer and the service department by reducing unnecessary and costly service calls.

Specifications

- Compares to: #916/ 922
- For use in: JetMail™/ M-Series/ Centormail™
- Sheet Size: 6 1/2" x 1 3/4"
- Sheets/ Pack : 500
- Packs/ Carton: 14
- Cartons/ Case: 3 (42 packs)
- Weight: 22 lbs./ carton

*THIS ITEM IS AVAILABLE BOXED

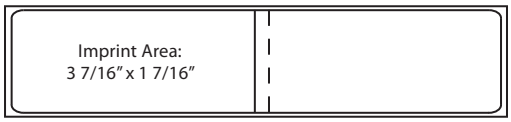
700-PM PF Imprint Area: 3 7/16" x 1 7/16"

The 7" PM PF Half Tape is designed for First Class Presort applications. It provides an ultra permanent adhesive combined with a smudge resistant open facestock which allows the paper to adhere to a wider range of surfaces and provides for improved absorption to eliminate ink smearing. The 700-PM PF offers two tapes (3 7/16" x 1 7/16") per sheet providing users with the most economical and cost competitive postage meter tape on the market.

Specifications

- Compares to: Unknown
- For use in: 7500/ 8500 Series
- Sheet Size: 7" x 1 9/16"
- Sheets/ Pack : 300
- Packs/ Carton: 15
- Cartons/ Case: 2 (30 packs)
- Weight: 14 lbs./ carton

*THIS ITEM IS AVAILABLE BOXED



Sheet Size: 7" x 1 9/16"

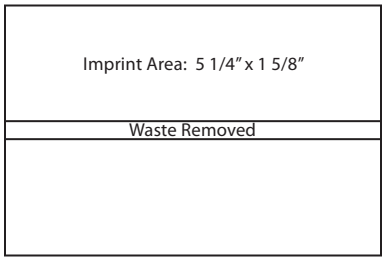
502-PM Imprint Area: 5 1/4" x 1 5/8"

The 502-PM double strip tape was designed specifically for those users that choose to run their postage with an ad plate. The 502-PM offers users an imprint area of 5 1/4" x 1 5/8" allowing plenty of room to imprint postage and an ad plate.

Specifications

- Compares to: #193/ 216
- For use in: T-1000 Series
- Sheet Size: 5 1/4" x 3 1/2"
- Sheets/ Pack : 150
- Packs/ Carton: 14
- Cartons/ Case: 3 (42 packs)
- Weight: 11 lbs./ carton

*THIS ITEM IS AVAILABLE BOXED



Sheet Size: 5 1/4" x 3 1/2"

All Trademarks are the property of their respective owners. All model designations are for compatibility purposes only.

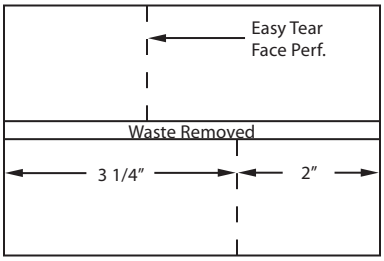
502-PM F Imprint Area: 3 1/4" - 5 1/4" x 1 5/8"

The 502-PM F double strip tape was designed specifically for those users that choose to run their postage with or without an ad plate. The 502-PM F offers users the option to remove the portion of the tape normally associated with the ad plate imprint (with an easy tear perf) or leave this portion intact and imprint their postage with an ad plate.

Specifications

- Compares to: #193/ 216
- For use in: T-1000 Series
- Sheet Size: 5 1/4" x 3 1/2"
- Sheets/ Pack : 150
- Packs/ Carton: 14
- Cartons/ Case: 3 (42 packs)
- Weight: 11 lbs./ carton

*THIS ITEM IS AVAILABLE BOXED



Sheet Size: 5 1/4" x 3 1/2"

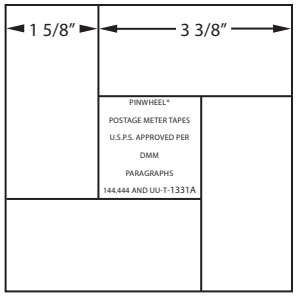
5x5 PINWHEEL® (C) Imprint Area: 3 3/8" x 1 5/8"

The 5x5 Pinwheel® is designed with users of Hand Feed Meters in mind. It's unique layout provides four (3 3/8" x 1 5/8") tapes per sheet.

Specifications

- Compares to: #828/ 829
- For use in: MyMail™/ T-1000 Series
- Sheet Size: 5" x 5"
- Sheets/ Pack : 150
- Packs/ Carton: 20
- Weight: 24 lbs./ carton

*THIS ITEM IS AVAILABLE BOXED



Sheet Size: 5" x 5"

You can even customize your own Pinwheel® tapes.

What better way to advertise your business, than by placing your company name and reorder information on the postage meter supplies that you sell. Your information will be in front of your customers each and every time they use one of your tapes.

Hasler® Remanufactured Ink Cartridges

PP-105 INKJET — Composite Cartridge Remanufactured

Specifications

- Compares to: #PPINKR
- For use in: Powerpost™
- Yield: Up to 36,000 impressions
- Color: Red Fluorescent
- Cartridges/ Set: 2
- Weight: 1 lb./ set

PP-105 INKJET

*Yield is an approximation of the number of impressions or pages that can be printed using one cartridge. Actual ink yields will vary with usage, graphics, and environmental conditions.

Hasler® Compatible Ink Rollers

Our Ink and Ink Rollers comply with all postal and machine manufacturer specifications. They contain no functional plasticizers, which are on OSHA's list of possible hazardous carcinogen chemicals. Our ink is also in full compliance with California's Proposition 65, Safe Drinking Water and Toxic Enforcement Act of 1986. Our ink and ink rollers are formulated from a high technology emulsion based vehicle of very low viscosity which was developed to comply with all postal scanning requirements.

525-NWR

Imprint Area: 4 7/16" x 1 9/16"

The 525-NWR tape has been fully tested and approved for the Neopost® IJ Series Meters. Each tape has been designed with a 13/16" peel tab for easy handling and faster application. As an additional advantage, a perf-line is printed next to the slit on the peel tab making it easily discernible.

Specifications

- Compares to: Matrix Exclusive
- For use in: IJ65 - IJ110
- Sheet Size: 5 1/4" x 1 9/16"
- Sheets/ Pack : 300
- Packs/ Carton: 18
- Weight: 13 lbs./ carton

5875-PM

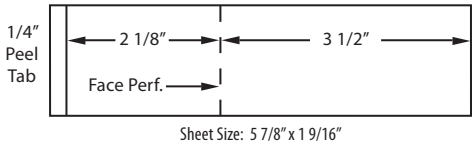
Imprint Area: 3 1/2" - 5 5/8" x 1 9/16"

Our 5875-PM is designed with a facestock manufactured for printing with fluorescent thermal ribbons such as those used in the SM22 and SM26. This material is also well suited for imprinting with the ink roller method.

Specifications

- Compares to: #7465201
- For use in: SM22/ SM26
- Sheet Size: 5 7/8" x 1 9/16"
- Sheets/ Pack : 300
- Packs/ Carton: 12
- Weight: 9 lbs./ carton

*THIS ITEM IS AVAILABLE BOXED



5875-INKJET

Imprint Area: 3 1/2" - 5 5/8" x 1 9/16"

Our 5875-INKJET is the same design as the original 5875-PM Postage Meter Tape. However, the facestock of the 5875-INKJET consists of a material specifically manufactured for the new generation of Ink Jet postage meters.

Specifications

- Compares to: #7465233-01
- For use in: IJ35 - IJ110/ IJ-15K/ SM75/ SM85/ SM95/ IS-420 - IS-480
- Sheet Size: 5 7/8" x 1 9/16"
- Sheets/ Pack : 300
- Packs/ Carton: 12
- Weight: 9 lbs./ carton

E100P

Imprint Area: 1 7/16" x 265'

The E100P is designed and manufactured from a high quality facesheet that offers excellent smudge resistance and layflat capabilities. We guarantee that the E100P will provide you with consistent wetting each and every time. Dry gummed printing papers are specifically manufactured with a water-activated permanent adhesive applied to one side. This means there is no need for a backing sheet, and the elimination of waste. The E100P offers you efficiency at your fingertips.

Specifications

- Compares to: #627-2
- For use in: DM800™/ 900™/ 925™/ 1000™/ 1100™/ Galaxy/ Paragon

Oil-Based Emulsion Fluorescent Postage Meter Ink

102 RED O

IMPORTANT: Our 102 RED O was designed for high speed-long running applications. This new technology satisfies the most stringent of postal machine requirements. As a machine runs for long periods of time, the energy and chemistry of all liquid inks will change. Therefore, it is important to understand how this product works in order to sell effectively and meet the needs of your customers.

Specifications

- Compares to: #609-0
- For use in: 5400/ 5500/ 5600/ 6100/ R150/ U560/ U570
- Yield: Up to 225,000 impressions
- Capacity: 1 Pt. (16 fl. oz.)
- Color: Red
- Bottles/ Carton: 16
- Packaging: Clear, shock resistant bottles w/ funnel spouts & lock caps
- Weight: 19 lbs./ carton

102 RED O

Water-Based Emulsion Fluorescent Postage Meter Ink

Our Fluorescent Postage Meter Ink is the first on the U.S. market to use water emulsion technology. This postage meter ink is safe to use, guaranteed not to separate or leak for one year, reduces normal clean and shine machine maintenance by 50%, dries faster on a wider range of printing surfaces, and comes out of clothes without staining.

102 W RED

Specifications

- Compares to: #609-0
- For use in: 5400/ 5500/ 5600/ 6100/ R150/ U560/ U570
- Yield: Up to 225,000 impressions
- Capacity: 1 Pt. (16 fl. oz.)
- Color: Red
- Bottles/ Carton: 16
- Packaging: Clear, shock resistant bottles w/ funnel spouts & lock caps
- Weight: 19 lbs./ carton

Secap® Compatible Roll Tapes

E100A

Imprint Area: 1 7/16" x 165'

Specifications

- Compares to: #S27-8
- For use in: DP500™/ 525™/ 550™/ 575™/ 800™/ 825™/ 875™/ 1000™/ 1100™
- 4 15/16" self adhesive roll tape
- 660 tapes per roll w/o an ad plate
- 350 tapes per roll w/ an ad plate
- Rolls/ Carton: 3
- Cartons/ Case: 4 (12 rolls)
- Weight: 3 lbs./ carton

E100A

E100P

Imprint Area: 1 7/16" x 265'

The E100P is designed and manufactured from a high quality facesheet that offers excellent smudge resistance and layflat capabilities. We guarantee that the E100P will provide you with consistent wetting each and every time. Dry gummed printing papers are specifically manufactured with a water-activated permanent adhesive applied to one side. This means there is no need for a backing sheet, and the elimination of waste. The E100P offers you efficiency at your fingertips.

Specifications

- Compares to: #S27-2
- For use in: DP800™/ 825™/ 875™/ 1000™/ 1100™
- 4 15/16" gummed roll tape
- 1060 tapes per roll w/o an ad plate
- 580 tapes per roll w/ an ad plate
- Rolls/ Carton: 6
- Cartons/ Case: 8 (48 rolls)
- Weight: 5 lbs./ carton
